

North American International Insurance Program

Ensuring the well-being of your goods and providing you with peace of mind throughout your move are top priorities shared by everyone in the North American International system. When you entrust your prized possessions to us, you can take comfort in knowing that we have the experience, expertise, and resources necessary to provide you with the very best moving services available anywhere in the world.

Of course, the unexpected can happen and sometimes does.

That's where North American International's insurance program comes in. Supported by a major insurance group, your possessions should be comprehensively insured against accidental loss or damage during an international move. The special advantages of the plan include some benefits that are either excluded or additional in some other policies.

How to insure your move.

First, you need to determine the full replacement value of your possessions at destination. Included in this document is a detailed inventory on which you can list and calculate the value as illustrated below.

When items are listed together, all will be considered to be of equal value. If additional listings or clarifications are required, please write these on a separate sheet of paper and attach to this form.

Remember: you should be indicating replacement values in your destination country.

G-LIVING ROOM			P – CLOTHING		
ARTICLE	NO. ITEM	VALUE	ARTICLE	NO. ITEM	VALUE
Sofa(s)	1	\$1,800	Coat(s)	2	\$ 400
Chair(s)	2	\$1,350	Suit(s)	4	\$1,200
Lamp(s)	3	\$ 400	Dresses	6	\$ 600

In order to select coverage for Pairs and Sets and/or Mechanical and Electrical Derangement you must duplicate the items and insured value already listed as shown below:

MECHANICAL/ELECTRONIC DERANGEMENT*			PAIRS AND SETS*		
ARTICLE	NO. ITEM	VALUE	ARTICLE	NO. ITEM	VALUE
TV	1	\$1,800	Lamp(s)	3	\$ 400
VCR(s)	2	\$1,350			
Lamp(s)	3	\$ 400

All items must be insured. Don't deliberately under-value your possessions. You need to know that, if you under-insure your consignment, the underwriter will apply a co-insurance penalty to any claims. In simple terms, this means that, if you insure your total consignment for half of its true replacement value, the insurer could reduce each and every part of a claim by 50% - regardless of its declared value.

“What happens in the event of a claim?”

You can file a claim from anywhere in the world. All claims insured by North American International/USA will be settled promptly and efficiently based on your declared values, following any necessary claim inspection survey. All claims will be processed through our central claim department. This is another way in which North American International provides you with peace of mind.

“What happens if I don’t insure my move?”

We cannot overemphasize the importance of insuring your international shipment. If you don’t, and if something is lost or damaged, our liability is limited to the extent outlined in accordance with the conditions on the Bill of Lading.
